About the Conference

The Faculty of Dentistry at the University of Kirkuk invites researchers, academics, and specialists in Oral and Dental Medicine and Surgery from Iraq and abroad to participate in its international scientific conference. The event provides a high-level platform for presenting recent scientific and technical developments, exchanging expertise, and advancing the dental profession.

Conference Tracks

- Technology and Artificial Intelligence in Healthcare
- Dentistry and Oral Health Sciences
- Biology, Chemistry, and Biomedical Sciences
- Medical and Clinical Sciences
- Public Health and Preventive Medicine
- Healthcare Quality, Safety, and Ethics
- Surgery and Critical Care
- Psychology and Behavioral Sciences
- Future Healthcare Innovations

Submission Guidelines

- Originality:** Submitted research must be original and not previously published or presented at another conference.
- Peer Review:** All submissions will undergo a rigorous review process by a specialized scientific committee.
- Abstract:** Maximum 300 words, clearly stating objectives, methodology, and key results.
- Submission:** Papers and abstracts should be submitted via the conference and selected online journal systems.
