Course Description Form

1. Course Name: Morbid anatomy 2. Course Code: VED4111/VED4121 3. Semester / Year: Fourth Year/ First semester & Second semester/(90)hours 4. Description Preparation Date: 2/4/2024 2/4/2024 2 6. Number of Credit Hours (Total) / Number of Units (Total) First semester & Second semester/(90)hours 1 st 3 2 nd 2 7. Course administrator's name (mention all, if more than one name) Assist.dr.Mustafa Qasim www.pathomustafa@ntu.edu.iq 8. Course Objectives 1. Aims of the Course Providing students with the basic concepts and experience necessary to prepare them as veterinary students the veterinary pathology 2. Identifying the similarity and dissonace of the diseases in the animal's body 3.which is one of the basics of veterinary in anatomic structure body organ of animal 9. Teaching and Learning Strategies Strategy Putting professional methods to dissection of carcass determine focus of disease that's cause death 10. Course Structure Image: Structure							
2. Course Code: VED4111/VED4121 3. Semester / Year: Fourth Year/ First semester & Second semester/(90)hours 4. Description Preparation Date: 2/4/2024 5. Available Attendance Forms: 6. Number of Credit Hours (Total) / Number of Units (Total) First semester & Second semester/(90)hours 1st 3 2nd 2 7. Course administrator's name (mention all, if more than one name) Assist.dr.Mustafa Qasim www.pathomustafa@ntu.edu.iq 8. Course Objectives 1. Aims of the Course Providing students with the basic concepts and experience necessary to prepare them as veterinarians and teaching veterinary students the veterinary students the veterinary pathology 2. Identifying the similarity and dissonance of the diseases in the animal's body 3. which is one of the basics of veterinary in anatomic structure body organ of animal 9. Teaching and Learning Strategies Strategy Putting professional methods to dissection of carcass determine focus of disease that's cause death	1. Cours	se Name:					
VED4111/VED4121 3. Semester / Year: Fourth Year/ First semester & Second semester/(90)hours 4. Description Preparation Date: 2/4/2024 5. Available Attendance Forms: 6. Number of Credit Hours (Total) / Number of Units (Total) First semester & Second semester/(90)hours 1st 3 2nd 2 7. Course administrator's name (mention all, if more than one name) Assist.dr.Mustafa Qasim www.pathomustafa@ntu.edu.iq 8. Course Objectives Course Objectives 1. Aims of the Course Providing students with the basic concepts and experience necessary to prepare them as veterinarians and teaching veterinary students the veterinary pathology 2. Identifying the similarity and dissonance of the diseases in the animal's body 3.which is one of the basics of veterinary in anatomic structure body organ of animal 9. Teaching and Learning Strategies Strategy Putting professional methods to dissection of carcass determine focus of disease that's cause death	Morbid anat	tomy					
3. Semester / Year: Fourth Year/ First semester & Second semester/(90)hours 4. Description Preparation Date: 2/4/2024 5. Available Attendance Forms: 6. Number of Credit Hours (Total) / Number of Units (Total) First semester & Second semester/(90)hours 1st 3 2nd 2 7. Course administrator's name (mention all, if more than one name) Assist.dr.Mustafa Qasim www.pathomustafa@ntu.edu.iq 8. Course Objectives Course Objectives 1. Aims of the Course Providing students with the basic concepts and experience necessary to prepare them as veterinarians and teaching veterinary students the veterinary pathology 2. Identifying the similarity and dissonance of the diseases in the animal's body 3. which is one of the basics of veterinary in anatomic structure body organ of animal 9. Teaching and Learning Strategies Strategy Putting professional methods to dissection of carcass determine focus of disease that's cause death	2. Course Code:						
Fourth Year/ First semester & Second semester/(90)hours 4. Description Preparation Date: 2/4/2024 5. Available Attendance Forms:	VED4111/VED4121						
4. Description Preparation Date: 2/4/2024 5. Available Attendance Forms: 6. Number of Credit Hours (Total) / Number of Units (Total) First semester &Second semester/(90)hours 1st 3 2 nd 2 7. Course administrator's name (mention all, if more than one name) Assist.dr.Mustafa Qasim www.pathomustafa@ntu.edu.iq 8. Course Objectives 1. Aims of the Course Providing students with the basic concepts and experience necessary to prepare them as veterinarians and teaching veterinary students the veterinary pathology 2. Identifying the similarity and dissonance of the diseases in the animal's body 3.which is one of the basics of veterinary in anatomic structure body organ of animal 9. Teaching and Learning Strategies Strategy Putting professional methods to dissection of carcass determine focus of disease that's cause death	3. Semester / Year:						
2/4/2024 5. Available Attendance Forms: 6. Number of Credit Hours (Total) / Number of Units (Total) First semester &Second semester/(90)hours 1st 3 2nd 2 7.
